This is Housecleaning Time, Curtain Washing Time, and therefore Curtain Stretching Time.

Gilray's Curtain Stretcher

will enable you to do up your own curtains just as nicely as they can be done up at a laundry. Will wear for years. Can be folded up and laid aside in a small space, and only costs \$3 to \$3.50 per set. Can be used equally well as a quilting frame.

Everybody who has lace curtains should have one of these stretchers.

This is also the time to talk over the Carpet and Curtain question.

Of course everyone wants to buy where they can buy the cheapest and get suited the best. We firmly believe that place is CHEAPSIDE.

Never in our twenty years' experience in business have we shown such an assortment of Carpets, Curtains and Curtain Materials, as well as general housefurnishing goods, as we show this season.

Tapestry from 20c to 2 yard. Beautiful patterns at 40c, 50c and 60c. Brussels designs at 70c, Brussels Carpet at 60c, and elegant patterns in good quality at 90c and \$1, as good as are usually sold for \$1.25.

Tasty people tell us that they have never seen such a handsome line of Curtains as we show this season.

Our other lines of housefurnishing goods have never before been so complete.

Poles and Trimmings, Stair Fastenings, Stair Pads, Carpet Lining, Our Stair, Library and all other styles of Carpets, including real Wilton.

We have just opened, per SS. "Coraean," black and colored Velvetines, Velings, beautiful black Laces, Flouncing Laces, Dress Trimmings, Jet and Pearl Buttons, Dress Preservers. All the latest novelties in the European market.

Wonderful value in English Flannelettes, heavy yard-wide goods at 12 1/2c a yard.

Handsome designs in Amora Flannelettes. You cannot find such value in Flannelettes anywhere else in the Central District.

We also opened a large assortment of hem-stitched Handkerchiefs, Wind-scarfs, Colored Silks, Shot Surahs, Cretones and Art Muslin Curtain Patterns.

Another line of Dress Goods, 40 inches wide, in short effects to be sold at 30c a yard.

Real Scotch Linoleum, 2 yards wide, to be sold at \$1 per yard.

Novelties in Spot Twilled Prints, Lawn Cloths, Wool Challies, Beaver Cloth for Jackets and Capes, Outhouse Hose, Satin Quilts.

Per SS. "State of Nebraska," another lot of Cream Lace Curtains.

Twenty-five dozen Parasols and Umbrellas, beautiful goods and splendid value. These make the stock at Cheapside the largest ever seen in this part of the country.

HAPANEE ROAD.

From Our Own Correspondent.

If the wet weather continues much longer the farmers will be very late with their spring's work.

It is quite pleasant to see the fields and roads looking green.

Wm. Birrell, who has been sick with this epidemic which is going the rounds, is able to be about again.

Mrs. Levi Sager is gaining also.

Messrs. Hiram and Herbert Sager are out of doors once more.

Our road people are taking the opportunity of attending Messrs. Hunter and Crossley's meetings at Napanee.

Last Sunday showed the appearance of a show in town. The bill wagon of Uncle Tom's Cabin Co. passed up.

A carryall with two teams of horses well loaded, and buggies could be seen going up and down in droves.

There is no place like the Napanee road.

The funeral of Norman Thompson, who died at Kingston, took place on Friday last at his brother's Ransell Thompson's.

From Our Own Correspondent.

Samuel Spencer, the superintendent, started the Sabbath school for the season, on the 3rd of April. There was a very fair attendance.

Mrs. Ferguson Black started drawing milk to the factory last Monday.

A large number of poles have been drawn for the telephone line between Deseronto and Demoreville.

Mrs. Jacob Foster has not been in strong during the past week.

Mr. Chas. Way was visiting friends in Ameliasburg last week.

Mrs. & Mrs. James Adams, of Ameliasburg, spent two days last week visiting their daughter, Mrs. D. A. Lambert.

Mrs. George Clinton, of Belleville, who has been visiting her father, Mr. D. B. Solmes, returned home last Sunday.

Farmers, not being able to proceed with seeding operations owing to the continued wet weather, have been improving the time by building fences.

Mr. Edgar Lambert has the foundation laid of his new house.

BLESSINGTON.

From Our Own Correspondent.

Farmers who are so unfortunate as to have low wet farms this season are complaining of the very backward spring.

A number of members of this place attended the quarterly service held at Londale on Sunday.

Mr. E. Platt, who has been suffering for some weeks from a sprained knee, is slowly recovering, and although still in a dangerous condition has resumed his duties as school master.

Mr. Robert E. Sparrow has given over the contract of drawing the milk on this route to Mr. John Haight, of Melrose.

A postoffice will be opened on the fifth of June at Thurlow to be conducted by Mr. Henry Fairman.

Wedding bells have been ringing again on the occasion of the marriage of Mr. William Johnston to Miss Annie E. Jeffrey, of Stirling. On returning Friday received a joyful serenade to which he generously responded.

We are glad to learn that Miss Robertson is improving in health.

Some young men down in Thurlow, who wanted one evening of short time ago, came home by rail, a mode of travelling peculiar to the boys of this place.

A horse trader from the north came down last week and exchanged horses with a Melrose man. He had not gone far however on the return trip when he discovered that he had received a kick in the worst type.

He went back and asked to change horses until morning when he would come and get the kick but he has not returned.

On Saturday evening a number of horses were seen emerging from the westward and bearing a rig with four occupants over the ground at a furious rate of speed. They turned the corner by a Cole's shop and ran to the postoffice where the vehicle was caught on a tiring post and the horses were stopped. The escape of the occupants from serious injury is miraculous.

TAMWORTH.

From Our Own Correspondent.

The most interesting and pleasant event of last week was the marriage of Jennie, daughter of Mr. George Marsh, of this place, to Mr. Lewis Rogers, engineer on the G.T.R. Belleville. Miss Marsh was a lady who engaged the Cornish and Co. of all who had the pleasure of her acquaintance and though we regret her departure from amongst us yet it is pleasing to know she found the worthy of her in every respect and who will appreciate the prize he has won. Most heartfelt congratulations to the happy couple received from many friends.

Continued cold and late spring is forcing some of our farmers to purchase hay at \$12 per ton after selling their own during the winter for \$4.50 to \$6 per ton. It is May 3rd and no planting or sowing done yet; that means that a lot of hustling must be done by that time.

Our cheery factory commenced operations on the 1st, Thomas Sprout, salesman; Joseph Gorrie, secretary; Thomas Clyde, treasurer. George Gates is recovering from his severe illness.

Miss Lizzie Sheehan is again in our midst. Welcome home Lizzie.

Miss Loretta Leontie left for Spencerville last Saturday where he will spend the summer. Her many friends regret her departure.

Visitors from Kingston, at his sister's, Mrs. J. Cooke; Willie Sandcock at Mr. P. Grasse's; Mr. & Mrs. Smith at their home; George Smith at the residence of Mr. Lyons and Miss McDonald spent last Sunday at D. Sheehan's.

Judge Biddle, the wit of court-house row, had before the bar of justice a woman who went most bitterly over her misfortune.

Her husband took the court room, and there, of no mean size, covered in a great stream down her cheeks to the floor. While she wept thus profusely, a prominent lawyer sat beside her, who, as the prisoner and her husband, asked of the bench, "What the matter with her?" "I don't know," was the judge's reply. "Apparitions were walking the streets."

The Trench's office is headquarters for superior scribbles and superior brands of lead pencils.

From Our Own Correspondent.

The cheese factory commenced its season's work on Monday morning and the milk drawn passed through our village for the first time.

The woolen mill has been closed for a few days. They hope to open up soon.

Our harness maker is doing a thriving business. The excellent work done by him is giving him more than a local reputation.

It is said that Mr. William Randall is coming back to our village.

Miss Brennan is staying with her aunt, Mr. Doyle.

The ladies are rejoicing since Miss Balfance started a dress-making establishment in our town.

There was a large crowd at the Methodist church on Sunday; the pastor, Rev. T. N. McDonald, gave a very excellent discourse his subject being "Rest."

The streets Committee have had St. George, Edmund, Main and Center streets thoroughly scraped and all mud removed. This is one of the best jobs which has been done on the streets for several years. More gravel is sorely needed on all the streets of the town. Limestone should not be placed on the streets; engineers are refusing its use elsewhere.

The Canadian Mule of this week is an excellent number. It contains a large number of interesting articles and has an illustrated supplement giving a history of the institution for the Deaf & Dumb. This interesting journal is one of our most welcome exchanges and we are glad to see that it is constantly improving under the editorial supervision of Prof. J. B. Ashley.

Over 80,000 persons die prematurely in Great Britain every year by the indirect influence of intemperance. From drink, contagion, accident, violence or disease, 40,000 are killed annually by the direct influence of intemperance. No person on this side of the Atlantic, who has not visited England, can form any idea of the awfully debasing effects of the liquor traffic as evidenced in Liverpool, London and other great centres of population.

The Oswego Daily Times, of April 27th, thus refers to the death of a former resident of Deseronto: "The death of Mrs. Margaret Ross removes from the community an earnest christian woman. The review of battle ships at New York Thursday of last week was a brilliant affair. The British squadron, led by the flagship Blake, carried off the honors of the day. The Blake is named after Robert Blake, the famous admiral who fought for the Commonwealth under Cromwell against the Royalists, and subsequently beat the Dutch in a series of brilliant engagements.

Deseronto Car Works. A fine auxiliary car was recently completed for the Lake Erie and Detroit River Railway. Four passenger coaches for the Ontario and Quebec route are being hurried to completion, as they have to be finished at a very early date.

Northampton. The North American Telegraph Company is stretching a telephone wire from Deseronto to the thriving village of Northampton. The poles are already on the ground and Capt. Hampton expects to have the work done in a few weeks. The cable will cross the Bay of Quinte at Telegraph Island.

Public School. The public school building being over-crowded another department has been opened by the board. Miss Robinson and her pupils of her department have been moved to the town hall until the summer vacation. A new primary department has been formed by Miss Farwood, of Belleville, as teacher.

Sash and Door Factory. The Rathbun Company's sash and door factory is a very busy, orders being large. An order for 5,000 doors was received one day last week from England and shipments are frequently made to Africa, Australia, etc. Three car loads of doors, sash, blind, etc., and the complete sash shop furniture of a house were shipped the other day to St. John's, Newfoundland. Orders have also been received lately from Prince Edward Island.

Heavy Traffic. Vast quantities of lumber, ties, posts, pulp wood, long cedar, etc., etc., continue to come into Deseronto from different points along the Midway division of the Grand Trunk, the C. P. R., K. & P., and of St. Q. Railway, which is this immediately by the water route. Sixteen car loads, as many as 185 loaded cars being on the different tracks, a column of traffic not seen outside the larger cities of Ontario.

Licence Commissioners. Messrs. Anderson, Phillips and Way, licence commissioners, were in town Tuesday and Wednesday, issuing licences to applicants. Inspector Lilly on account of illness, was unable to be present. No changes were made in Deseronto or Lynbrook, the commissioners deciding that it would not be in the public interest to grant a third licence in Shannonville. It is the intention of the board to insist upon a rigid observance of the regulations of the licence act in all parts of the riding.

Substernary. Deseronto is the most progressive town in Eastern Ontario, but some relics of superstition still linger. Among others we may mention the regulation about keeping street lamps lit every night. It is a relic of the superstition of the past. The town fathers should rise to the occasion and put to rest the lamps lit every night that they are required, regardless of the phases of the moon.

The Star Bakery. The Star Bakery has been moved to the shop recently vacated by Mr. John Hart, grocer, immediately north of the Callaghan house. Mr. George Galt, Mr. J. Galt, the proprietor, is fitting out the premises in first class style with the intention of making the bakery one which will be thoroughly equipped in every particular. He has introduced one of Hubbard's portable ovens, a recent invention, the manufacturers from Toronto having put the oven in place to put it into position. This is a great improvement on the old system and will enable him to bake bread or any other article in his line at any hour of the day or night. Mr. Galt is well known as a skilled baker and relies on public patronage to repay him for his new venture. He will keep constantly on hand bread, rolls, pies, cakes, confectionery, etc., etc. Wedding cakes furnished at short notice. Parties supplied at very reasonable rates.

YOUNG MAN SUICIDED.

At about four o'clock Sunday morning, William Cole, a young farmer, living about three miles from Harrowfield, near Wawa, suicided by taking nearly an ounce of paraquin. He is the son of Henry Cole, with whom he lived, and was unmarried. Mental assistance was summoned too late to be of any avail. He died about four o'clock, the same evening in great distress. No occasion whatever can be assigned for the terrible act as he was known to be in good financial position, temperate propensities and apparently happy. His friends, however, had thought him a little eccentric of late but no serious results were apprehended. He was a devoted son of aged father and mother and a blind brother. The sympathy of the entire community is extended to the bereaved friends.

In Bradshaw vs. Gallagher, a cheese agreement was construed as intended for the plaintiff's attention. In the case of the Canadian Life Insurance association was postponed by order. Trumpout vs. Devana, action on mortgage, was referred to the master at Nanapan. Queen vs. Buck, a result, was referred to the general assizes.

NO ONE NEED PITY YOU.

If you die of consumption without having tried that celebrated cure, now being talked about by every one, and known as "Miller's Emulsion of Cod Liver Oil," you are not entitled to any pity. If you want to stay with your friends in the flesh, do not let an hour pass by without sending to the nearest drug store for "Miller's Emulsion of Cod Liver Oil." Read about the wonderful cures it has wrought. This is the electrical age of wonders, and this Emulsion is the product of modern research in science. In big bottles, 50c. and \$1.00, at all Drug Stores.

A WONDERFUL GIRL.

The following is clipped from the Canadian Mail—Helen Keller that wonderful deaf, dumb and blind girl, has made another, and really the most important step forward in her educational progress. She has learned to articulate, and "can speak as well and fully as any unimpaired person." When she wishes to hold a long conversation with anybody dear to her she places one finger across the lips of the speaker, and another on the throat of the listener. In this way she understands every word that is uttered as rapidly as could be understood by a person with good eye-sight and hearing. At least this is what we are told.

A STARTLING CASE IN WHICH A YOUNG GENTLEMAN OF BROOKVILLE DISTRICT FIGURES PROMINENTLY.

A MARVELLOUS RECORD WHICH IS OF THE GREATEST INTEREST TO ALL—NO ROMANCE, BUT ONLY FACTS THAT WILL BEAR THE FULLEST INVESTIGATION.

A. N. Norton, aged 17, lives with his parents on lot 24 in the 7th concession of the township of Elizabethtown, near the village of New Dublin, twelve miles from the town of Brookville. His father is one of the most prosperous farmers of a dravlos where time is enabled to give him all the advantages that money could procure. The boy was naturally gifted with a good memory and a fondness for knowledge that, promoted by application, gave him a foremost place in his class. He was, however, prevented from regular attendance at school, much to his own and his parents' disappointment, because of a very painful disease. For six years he was afflicted with that most distressing of all nerve diseases, chorea or St. Vitus dance. For weeks at a time he was confined to his bed, and his life was a misery. His disease was characterized by twitching of the muscles of the neck and arm. His head was at times drawn backward. He was so irregular and he walked with difficulty. Appetite very irregular and he had no desire for food. Altogether he was a sad case, and his recovery was abandoned by his parents. During all these years he was under the care of a prominent physician who examined him with all the latest medical science. His father had heard of Dr. Butler's Golden Pills, but like most others, had little faith in them. He was, however, induced to try them by the attending physician as to whether he should give Golden Pills a trial. Naturally aware of the value of a straight tonic (pills) to a weak and nervous system, he was honorable enough to allow their use on the principle that all other remedies having failed, if Golden Pills would cure him, he would be in no worse condition. On the strength of this cold approval the father procured a box of Butler's Golden Pills and placed his boy under treatment, taking one pill after each meal. He had only taken them for a few days when a marked change was perceived by his mother, a young man. His appetite improved wonderfully, and he could sleep throughout the entire night. The latter had been denied him for six years. The use of the pills was continued for three weeks, two boxes (or one dollar's worth) being used. At the end of the third week the severe nervous attack had ceased, he had gained in his strength returned, and he was able to assist in the fields and do chores around the house.

The parents were astonished at the remarkable change in his condition, as he was himself, and friends who called could scarcely believe that the young man they now saw was the same who had been so long and so miserably afflicted. They gave Dr. Butler's Golden Pills all the credit for the cure, and claim that but for their timely use, naturally, to health could have never been effected.

The magical curative properties of Butler's Golden Pills is not confined to St. Vitus dance only; they are equally efficacious in all diseases dependent on a vitiated condition of the blood and nerves, as nervous Prostration, Rheumatism, Palpitation of the Heart, Stiffness of the Breasts, Asthma, Nervous Headache, Neuralgia, Paralysis, Locomotor Ataxia and all forms of Female weakness, Suppression, Irregularity, and the many ills that attend women at change of life, all Blood Diseases, Scrofula, Salt Rheum, Catarrh of the Throat or Stomach, Insipient Consumption and Chronic Erysipelas.

These pills were formulated by a most distinguished practitioner, after years of trial and study. They are recommended as one of the most potent and effective preparations for the cure of nerve and blood diseases. They are offered to the public at a price that makes a course of treatment inexpensive. Never sold in bulk; always in packages wrapped in trade mark. No other remedy produces such magical results. Price 50c. per box, or six boxes for \$2.50. They can be had at all druggists, or by mail from Dr. Butler Medicine Co., Brookville, Ont.

THE HARD CASE OF 3,000,000 BACHELORS.

The Boston Globe says that according to the last census there are 3,000,000 bachelors in the United States—that is men over thirty years old who have never been married. It goes on to say: "How many of these 3,000,000 bachelors are single from choice rather than necessity?" The factors affecting the ability to support a wife have been very much changed since the never industrial and commercial conditions. So great has become the competition for places among the lighter pursuits, and so largely have women come into the world, once exclusively occupied by men, that the bureau of industrial statistics show a larger and larger percentage of men who are single who come from their point of view will not permit them to marry. It is easy to see the young men in this matter—quite as easy as it is to find with the young women who are looking out for husbands with plenty of money. But there is nothing in the published census figures regarding the average earnings of certain classes of workers which at all warrants the conclusion that the majority of these 3,000,000 unmarried men remain single through want, need rather than what they deem necessity.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Man, she clung to Castoria. When she had Children, she gave them Castoria.

The total number of persons who lost death in Tuesday night's storm in Ontario now reaches 10, and the injured number about 250, about 90 percent of them being fatally injured.

BRUSHING PEAS.

The manner of setting peas should be governed by the way in which the seed is sown. If sown thickly in a trench with the broadcast method, the brush should be set entirely on the south or west side according to the trend of the rows as the vines quickly follow the sun, and soon cover the brush. Others prefer to set the brush in the middle of the trench and then scatter the seed about the base of it; this plan is advantageous for the reason that the brush is sure to be on hand when needed, but the necessity of inserting small twigs at the bottom, to teach the young vines the way they should go, is something of a drawback where time is valuable. I prefer trenches with a flat surface three or four inches wide at the bottom; the brush is set on the north side, better able to withstand drought than if the seeds had no chance for individual development, and the seedling peas are not pushing and crowding each other. Such rows have to be brushed alternately from side to side; they require no more brush, and give better satisfaction in my garden than any other method which has been tried. Good peas are often an expensive luxury, and it is sometimes impossible to get it in large towns. In such cases wire netting is the next best thing for dwarf varieties. It might, perhaps, be used for some of the later sorts, if carefully stayed to prevent whipping in the wind; but the vines will surely come to grief if they outgrow their support, and be hopelessly broken on the outer edge of the wire by the first wind storm.—G. A. WOOLSON, Vermont.

LOCAL ITEMS.

The new coal storage building and dock had been completed.

Eighty years ago next Monday since York (Toronto) was vacated by the United States troops.

Mr. C. W. Tucker is a handy man to have about a house. He is busy in spare time erecting a fancy fence around his house and lot on Maple avenue.

A new paint shop has been erected in connection with the saw and door factory. Mr. Graham and staff will now have room to store paint while glazing sash and window frames.

The harbor has presented a very busy aspect during the past two weeks. Large fleets of steamers and sailing crafts have been loading with lumber for United States and home ports.

The Big Store received a new delivery wagon of a most elegant and convenient pattern. Mr. Carroll is very proud of the new vehicle which is worthy of the Big mercantile establishment.

In another column will be found the advertisement of Wills & Co. They advertise some big bargains. They intend going out of ready-made clothing altogether so that those needing clothes should call and see the wonderful bargains they are offering for cash.

Universal suffrage has at last been granted in Belgium, having been refused from the parliament by a threatened revolution. The king, with great good sense, favored the demand of the workmen. A republic would by this time have been declared had not the parliament yielded.

This is Arbor Day in Ontario. Judging from the appearance of many school grounds it is feared that it is not so generally observed as is desired. The close of the day should find all school grounds free from unsightly litter and, at least, a few trees and flowers added for their decoration.

The streets commissioner has been laying down new sections of boardwalk. The section from Council Wharf to the river should be rebuilt. It is of too antique a description for that part of the town. Promoters on both sides find it disagreeable except when the strains of the Old Corduroy march are to be heard.

It may be worth remembering, and may save trouble and expense, if people who own pet rabbits, would keep them securely fastened up, as these little creatures are often the source of much damage, both to the farmer and the horticulturist, and the owners can be held liable for all damage they may commit.

The government surveyors have finished the survey of the islands between Kingston and Brockville, and find 839 acres have not yet been sold, yet valued at \$39,370. They also found 122 islands which have not heretofore appeared on any map, the whole comprising over 24 acres in extent and valued at \$4,659. All these islands will soon be put on the market.

These sold in Belleville at 95c. for white and 90c. for colored.

By a majority of 73 votes the imperial house of commons has passed the second reading of the bill establishing eight hours as a legal day's work in the mines.

The Chief arrested a drunken man yesterday. This is the first man who has been in the lock-up for about three months. Deseronto is the most orderly town in Canada.

People in the east end of town are all shaken up over some scandals. It is rumored that several married men and women have been guilty of breaking their marriage vows. Some of the parties are said to have left town.

The Patrons of Industry are perfecting their plans for the coming election, and will have their political picnic. It looks as if the farmer was making up his mind to exercise a little influence in public matters. We will see what we will see.

A musical and literary entertainment will be given in the Foresters hall on Thursday evening, by Deseronto Council E. T. of F. and Court Deseronto I. O. F. The concert and promise the best entertainment of the season.

This is the time of year when some ignorant gardeners take out their shot guns and shoot off the robins and other small birds and let perchance the feathered bipeds help themselves to a few fat strawberries later on in the season. The game wardens have their eyes on some of these sportsmen and examples will be made of them in the courts.

Mr. Matthew H. Sexsmith, who has been aging during the past year, died yesterday, aged 72 years, another victim of that fell disease consumption. The funeral took place to-day, at 1:30 p.m., from the residence of his mother, Mrs. J. Sexsmith. Religious services will be held at St. Mark's church, after which the remains will be reposed in the Christian Church cemetery.

The members of Deseronto lodge, No. 102, I. O. O. F., with visiting brethren from Niagara, held their hall last Sunday afternoon and marched in procession to the Methodist church, where Rev. J. J. Rae, of Niagara, preached an admirable sermon. The choir furnished excellent music. The brethren are to be congratulated on the splendid appearance which they presented on this occasion.

Mr. J. J. Dehan, district deputy of the C. M. B. Association, assisted by Mr. E. J. Fitzgerald, president of Deseronto branch, and Mr. A. W. Cooper, also of Deseronto branch, organized a new branch at Marlborough. The following are the officers: M. Fitzgerald, president; J. Dehan, 1st vice; J. Fitzgerald, 2nd vice; J. Dehan, recording secretary; J. Dehan, corresponding secretary; J. Dehan, treasurer. A sumptuous dinner was tendered were delivered by Messrs. Dehan, Fitzgerald, etc.

Mr. Field, who supports Mr. Winchell in "The Countryman" does not give a burlesque of the Dutch character, but so active representation which is enjoyed by no one, more than by the Germans themselves. This company appears in the Grand Opera House, Friday evening, May 10th.

At the recent examinations in medicine at Queen's University Mr. E. H. Lapp, of Deseronto, passed the first year examination in botany, chemistry, philosophy, anatomy and materia medica. Mr. T. J. Butler passed the intermediate examina in anatomy, physiological chemistry, and sanitary science. Mr. J. A. Boucher passed the intermediate in analytical chemistry, and senior chemistry.

In the legislative assembly this week the principal subject of interest was the stirring debate on Mr. Marten's prohibition bill which was opposed by the government. The alleged reason that it was not within the scope of the legislature to pass such a measure. The bill was rejected by the usual party vote. The government have submitted a bill for a plebiscite by which the electors will pronounce upon the desirability of prohibiting the importation, manufacture and sale as a beverage of intoxicating liquors. The question will be submitted at the municipal elections on the first Monday in January, 1894.

Parlor Social.
The ladies of the Steady Gleaners' Society of the Presbyterian congregation will hold a parlor social at the residence of Mr. William Mitchell, Main street, on Friday evening, 12th inst. An excellent programme will be submitted. Admission, two for 25 cents.

General Office.
Mr. J. A. Macdonald has been promoted to the ledger department in the general office of the Rathbun Company. He succeeded in the mail dispatching department by Mr. A. C. Stover. Mr. John Edwards, Jr., entered the medicinal department as assistant to Mr. Wieman.

Casualties.
On Saturday Mr. Robert Farrell, floor boss in the big mill, was engaged removing some pieces of ash from a slush table when his left foot came in contact with a saw. As a result the little toe was cut off. In the cedar mill Fra Thompson was struck on the wrist by a flying piece of stuff and very severely bruised. Dr. Newton attended both men.

Board of Health.
The board of health issue a notice in another column which should be carefully read and acted upon. The board, in accordance with imperative instructions from the provincial board, is determined to insist on a strict compliance with the regulations. People should remember that the new boxes should not be used without dry earth, lime or ashes; sawdust is of no use. They will absorb all matter. Limes and ashes should be poured in each time after the box is used. Attention to this will be beneficial to health.

Burt's Pavilion Theatre.
Mr. Burt is making great preparations to give the Deseronto people a grand treat on the opening night, Monday, May 8th. Notwithstanding the inclement weather he has every department in apple-pie order, and is going to endeavor to secure the talent so that he could be able to play all the larger towns and cities during the coming season. The small boy, the father, mother, sister, aunt and cousin are all saving their admission fee, which is only 25 cents for adults, and 10 cents for children. No extra charge for concert or reserved seats.

The Weather.
The weather still keeps backward and cheerless. A heavy rain set in on Sunday evening and continued all through the night and Monday. Another rainstorm commenced Wednesday evening and continued steadily all day yesterday. The temperature is still low, though on Wednesday it reached 60° in the shade. As a result of this heavy rain roads are in a deplorable condition, fields are converted into swamps, and farmers are much depressed in consequence, as it is impossible, especially on low grounds, to attempt seeding operations. Vegetation is backward, though the grass during the past few days has begun to start up nicely. Rivers are high and swollen. It is reported in Manitoba, Ohio, Illinois, etc. In England, France, and other parts of Europe a drought has been going on for some time, and farmers are crying out for rain.

Obituary.
Mr. Dennis Callaghan died at his residence, Trenton, on Monday, aged 44 years. Deceased had been long in the employ of the Rathbun Company, in fact had never earned a dollar in any other employ. He occupied the position of foreman on the Trent, and had been a member of the local lodge of the Moose, and was a brother of the brother, Mr. Thomas Callaghan, superintendent, and was held in high esteem by the Rathbun Company who regarded him as one of their most capable and trustworthy managers. About two years ago he had an attack of grippe from the effects of which he never fully recovered. About a week ago he became very ill and serious complications following, the end rapidly approached. He bore his sufferings with becoming patience and fortitude. Deceased was a brother of John Callaghan of this town, was twice married, and is survived by his second wife and a daughter by his first wife. He was a member of the C. M. B. A., and his wife will receive the usual endowment given by that friendly association. The funeral took place on Wednesday at Trenton. A large concourse of friends including large numbers from Campbellford, Tyendinage, Belleville, etc., were present to pay the last tribute of respect. Among others Messrs. T. Butler, of Deseronto, T. Dolan, of Ottawa, and other leading officials of the Rathbun Company, followed the remains to their resting place in the Roman Catholic cemetery at Trenton.

AN EVENING AT HOME.

In one of those cosy parlors, on one of the principal streets of the town, there sat around the open grate the father, mother, and a young man who had for a long time been a visitor at the house. The parlor adornments showed refinement and culture, and many a bright face was shining in the midst of some one who was endeavoring to keep the mind of the receiver on the donor. The conversation of the parties this evening was upon various subjects, when it reached that most interesting subject, the coming marriage of the daughter to the visiting gentleman. The subject for the bride's dress was the subject of considerable deliberation, and when that was decided upon the other necessities to complete the bride's trousseau were quickly called to mind, and the linen for the house was not forgotten, when the young lady said that the next afternoon her mother would accompany her to Mr. H. Miller's, of Campbellford, to make the necessary purchases, as he had the best goods and his prices were only fair. No doubt that this happy couple will procure their lace curtains and other furnishings at the same place when they are needed.

MARINE NOTES.

Capt. Shaw of the schooner Eccles, picked up, near Colborne, the spar of the steam barge Fernis, lost, with all hands, about a year ago. No trace of the vessel having been discovered since. The barge is probably lying at the bottom of the lake as the spar has detached itself from the wreck and floated on the water. It is a fine mast, worth \$150.

The new straight-back steamer Selwyn Eddy arrived at Buffalo with 139,000 bushels of wheat, the largest wheat cargo ever carried on the lakes. This cargo weighed 4,176 tons.

The Rocket has been overhauled and will run this summer between Corawa and Montreal.

Eastward bound vessels carried 279,861 tons of freight from Chicago last week, against 33,753 hauled by railroads.

Algoma, Mich., is certainly a lake-faring town. One hundred and twenty-eight of its residents are captains, mates or wheelmen.

The United States inspectors examined the Varana and Alexandria during the past week.

The Lachine canal opened on Monday. The Alexandria commenced her weekly trips this week.

The Campania arrived in New York on Saturday. As this was her first trip, no attempt was made to lower the record.

The White Star line are preparing to build a steamship to be named the Gigantic which will be larger than the Campania. She will be 700 feet in length, 68 feet beam, and 45,000 horse power and will make the voyage from Queenstown to Sandy Hook in a little over four days.

The water in the lake has risen over eighteen inches since navigation opened.

The fog horn machine on Nias Mile Point has not yet been erected though it has been sorely needed some nights during the past few days.

The yacht Siesta has been hauled out at the Deseronto wharrier.

The tug Nora has been shipped by rail to London, where she will be used in the operations of the Rathbun Company.

The Rideau Belle has commenced her trips on the canal, the water of which is very high this season.

A break in the Cornwall canal on Monday made vessel men anxious. Another break occurred on Wednesday thus delaying traffic.

The steam barge Iona will make tri-weekly passages between Oswego and Trenton, carrying passengers. Capt. John Yanalistic commands the fine vessel.

The Clyde ship building yards still maintain their supremacy. They recently turned out the Campania the fastest screw steamship afloat, and the Leopold II the fastest paddle wheel steamer. These big brained Scotchmen are not easily vanquished.

The Pickleburn was the first ocean steamer to reach Montreal arriving on Wednesday. This is a week later than last year.

LOCAL ITEMS.

Plan open for "Countryman Co." on Monday, at Napanee.

Mr. G. J. Carter is making an addition to his shop on Main street.

Napane's ice cream season opens to-night (Friday) when the Band plays.

Her Majesty the Queen opened the Imperial Institute at London last Wednesday.

Mr. Dalton McCarthy addressed a very large mass meeting in Kingston last Saturday evening.

Mine host Hatch, of the Oriental house, has been making sundry improvements to his premises.

A special meeting of Deseronto Council, R. T. of T. will be held in Forester's hall, this evening at 7 o'clock.

The steamers of the Deseronto Navigation Company will carry excursionists from Napanee to Pictou on the 24th of May.

A number of townspeople drove down to Napanee during the week to hear Messrs. Croasley and Hunter, the famous revivists.

Two or three men who went to Michigan have returned to Deseronto, having found work scarce and times dull in the lumbering regions.

Boys are indulging in firecrackers. This is not a safe pastime in a town like Deseronto. Is there any law against the sale of these fireworks?

Nobody likes the man who is constantly finding fault, but everyone is glad to take advantage of the improvements that his constant kicking brings about.

The Ethel Armstrong Concert company will be at the opera house on Thursday, 25th inst. They come under the auspices of Deseronto Lodge, No. 102, I. O. F.

Mr. E. T. Miller has been in London this week attending the meeting of the Supreme Council of the Royal Arcanum as a representative from the Deseronto Council.

The Royal Templars and Independent Foresters postponed their entertainment, which was to have been held last night, on account of the death of Mrs. Stokes.

The shaft of the big stock gang in the Big Mill was broken on Wednesday one of the pillar bolts having given away. It caused much damage and considerable delay.

Dr. Cadieux, the famous temperance orator, will deliver lectures in the Methodist church, on Sunday at 4 p.m. and Union Hall, Monday evening at 8 o'clock. Do not fail to hear him.

Mr. Howe, inspector of the underwriters insurance association, Toronto, spent Saturday in town making thorough tests of the different hydrants and the apparatus of the fire department.

Mr. J. B. Ashley, of Belleville, on Saturday last removed to Deseronto country the remains of his father, Mr. Augustus Ashley, which were interred at Cataract cemetery, Kingston, ten years ago.

Rev. Samuel Houston, M.A., pastor of Cooke church, Kingston, was elected Moderator of the Synod of Toronto and Kingston of the Presbyterian Church in Canada, at its meeting this week in Guelph.

Some cellars on Dundas street were flooded by the over-zealous hosemen during the tests of the waterworks system last Saturday. The council will probably be asked to make good the damage caused in some cases.

An immense amount of freight is moving over the B. O. Railway and the side tracks at Deseronto, the quantities well as the Deseronto yards are continually in a very congested condition. People are astounded at the vast quantities of lumber which come in over this line.

We have received a copy of the order of service used at the laying of the corner stone of the new Pilgrim Congregational Church, Boston, of which Rev. B. B. Albright, who visited Deseronto last year, is the successful pastor. The new church will be a very handsome edifice.

Michael Davitt, member for Northeast Cork, has resigned his seat, the expenses of the contested election of North Meath having forced him into bankruptcy. Mr. Davitt is held in high esteem by all parties in the house of commons. No member in the house made with a more respectful hearing.

Last Sunday being really a spring day a great many of our townfolk walked into the country via the B. O. track to enjoy the country air and see the grass and crops growing. A prominent merchant of our town took a day to Napanee on a railway velocipede and enjoyed the trip immensely.

The Home Knowledge Association, of Toronto, which did so much to injure the book trade in the summer town of Ontario has collapsed. All persons who were induced to sign their names to notes entitling them to membership in this association will have to pay, the courts having decided that these notes can be collected.

Notwithstanding all the pressure which the Emperor and court party could bring to bear, the German army threw out the army bill by a good majority. This shows that the reaction against militarism has not in among the German people, and that the battle between the classes and moves will be fought during the next few years.

There was a financial panic in New York last Friday and several failures followed. National Collage and other industrial stocks took a big tumble. The Bank of Victoria, Australia, has failed, making eight large banks which have failed in Australia during the past few months. Trade in Australia is completely demoralized.

The hop growers of Prince Edward and other counties find themselves left in a lurch and are now forced to sell their crops at a very low price. They entered into a combine with certain dealers to sell under a certain figure. The dealers sold out all their old stock at the figures agreed upon, and then conveniently forgot the agreement and growers have to sacrifice last year's crop at a loss.

The smoke issuing from the smokestack of the Big Mill is not of that inky black colour which formerly poured forth from the mill's smokestack pipes carrying with it a deluge of cinders as to blind the eye and cover everything with a thick coating of dirt.

This is a great and welcome change. Let us hope that the next move will be in the direction of banishing the dense clouds of sulphurous and choking smoke which belch forth from the locomotives and yard engines.

Mr. W. J. Sargent, formerly of Kingston, but now of Kingston, kindly favored us with a call Monday, and we were much pleased to see him looking so strong and hearty.

The readers of The Tribune have often been placed under obligations to Mr. Sargent by interesting contributions from his pen. We are glad to learn that Mr. Sargent, who is a graduate of Trinity College, Dublin, is now engaged in conducting literary or employment in the Limestone City.

Mrs. James Davidson has again moved into her former residence at Shawanville.

Our thanks are due to Rev. R. J. Craig, M. A., for copies of last week's paper.

Police magistrate Flint, of Belleville, invests largely in hotels. He has purchased the Guelph hotel in Shawanville and sublet it to W. C. Carter.

A travelling bag buyer is alleged to have carried off a bag of potatoes from a residence in the east end at the same time that he carried a bag of rags. The thief is on his track.

Capt. Sullivan and Lieut. Parkes, the new officers in charge of the Salvation Army corps, are meeting with much success. Both ladies are becoming very popular in this community.

The various clauses of the Home Rule Bill are now being fiercely debated. The speaker ruled out of the amendments of the opposition out of order. There have been many divisions but the government has thus far been sustained by majorities which are generally very great.

"We hope every farmer who is a reader of THE TRIBUNE will read Mr. Hanley's letter in another column. The amount of useful information contained therein is such that a small fee is indeed surprising.

No intelligent farmer can do without these agricultural bulletins which are so generously distributed by the provincial government.

Mr. Bayburn, of the Deseronto Flour Mills, received a letter yesterday from France. It was dated May 18th, and it stated that the weather in the province was perfect and it looked as if there was to be a drought. Seeding would be practically completed by the end of this week. We are inclined to believe that a good season is in store for the Prairie provinces.

The Campbellford Mill.

Mr. Wm. Mitchell, master builder for the Rathbun Company, is hurrying forward the new mill of the Rathbun Company at Campbellford. It will be 100-35 feet and 29 stories high, with engine and boiler room 29x40 ft. It will be fitted out in first class style.

Fire at Shawanville.

The hotel lately owned by the Hastings Loan Company and formerly occupied by Mr. James Davidson, was discovered to be on fire Sunday morning at four o'clock. By much luck the fire was extinguished before much damage was done; supposed to be the work of an incendiary.

Crystal Mill, Belleville.

In another column will be found the announcement of Messrs. W. J. Reid & Co., of Belleville. They have an immense establishment and are worthy of a visit when in the city. Their variety of goods this spring are greater than before shown. Be sure and read the advertisement.

Football.

The late Mrs. Stokes having been a member of the Steady Gleasers' Society, the ladies have postponed their social announced to be held this evening at the residence of Mr. Wm. Mitchell. The event will be at the same place on Tuesday evening, 18th inst. Admission, two for 25 cents.

Survey of the Bay.

Mr. Anderson, chief engineer of the marine department, is arranging for the continuation of the work of the hydrographic survey of the Bay of Quinte from Trenton to Kingston. The triangulation of the bay was completed last year. This season the work will consist of taking soundings of the bay on which to base a new chart.

Citizens' Band.

The Citizens' Band was out last Friday evening for the first time this season and gave a number of excellent selections at the Band stand. A vast multitude were present to enjoy the music. The Band are considering the offer for an engagement at Campbellford on the 24th. They have secured a valuable acquisition to their numbers in the person of Mr. Harry Norville, late of the famous Heintzman band, of Toronto.

Prentiss Boys.

At a late meeting of Victoria Lodge, No. 9, Prentiss Boys, Bros. J. D. Monaghan, Wm. Huff, and Sidney Kitchen were chosen as delegates to the Grand Lodge which will meet in Deseronto on June 13th. About 100 delegates will be present at this important meeting. A strong committee of the local lodge is busy making ample preparations to ensure the visitors a welcome worthy of Victoria Lodge and the Town of Deseronto.

Butch's Pavilion Company.

Butch's Uncle Tom's Pavilion Theatre Company appeared in Deseronto last Monday evening. The street parade at noon drew vast crowds who heard the music of the band with great pleasure. The equipment of this company is complete down to the last nail and peg. Nothing has been left undone by the energetic manager to ensure the comfort of the pleasure loving public. The orchestra is a first class musical organization. The spacious pavilion, although this was the sixth time the Company has played in Deseronto, was filled with an enthusiastic audience, and the frequent occurrence of applause showed that they were well pleased with the dramatic talent which brought out the stirring and pathetic points in their popular old play. The personnel of the company is particularly strong and there is no reason why this season should not be even more successful than those of the past.

Death of Mrs. James Stokes.

Mrs. James Stokes passed away yesterday morning, 11th inst., aged 46 years. The intelligence of her death though not unexpected, was a severe blow to her kind mother and the deceased lady had been in poor health for two years, and during the past six months was unable, with the exception of a few brief intervals, to leave her room.

Dr. Newton, the family physician, at an early date forecast that recovery was impossible, and he was right. Mrs. Stokes was a kind and devoted mother, and her death was a great loss to her family and the community.

Her funeral will be held on Tuesday, 12th inst., at 10 o'clock, at the residence of her husband, Mr. James Stokes, who has resided here ever since, fulfilling the duties of a kind mother and an obliging neighbor. She was a member of the Presbyterian congregation and a devoted worker in the various departments of church work. She is survived by her husband, a daughter Mrs. Joseph Hoppins, and a son John. There have been the sympathy of all the community in their great bereavement. The funeral will take place on Saturday afternoon at 2 o'clock. Honorary services will be held in the Church of the Redeemer, after which the remains will be removed to the vault of the Deseronto cemetery.

A WORD TO THE WISE.

This verse is intended as a word to the wise, If you ever use Baking Powder, try "The Surprise".
 (Of powder there are many; of opposition there's much, But here is a powder no other can touch, For fluffiness and pastry; it's really a surprise To see how lightly and quickly they rise. The best, did I say? Well, try it and see, Then your grocer will tell, that's the powder for me.

A LADY SPEAKS.

Mr. Editor: Will you do me the honor to give your valuable paper to tell your readers the results of the use of the Royal Emulsion of Cod Liver Oil? I have used it for the last two years, and I have never had a cough since I began to use it. I was born ten years ago, I have been a sufferer from coughs, colds, and asthma, and I have never been able to get on my feet since I was born. I have been a sufferer from coughs, colds, and asthma, and I have never been able to get on my feet since I was born. I have been a sufferer from coughs, colds, and asthma, and I have never been able to get on my feet since I was born.

I now take one of these pills every morning and feel like a young girl again. I have lost many of my lady friends who were similarly afflicted and they used them with the same good results. I have never heard these pills being recommended for that purpose and for this reason I write you that other suffering women may benefit by my experience. It is needless to add that the lady trouble has also disappeared. Thanking you for your valuable space and trusting that this information may be the means of bringing relief to many homes, as it has been to mine.

I am, Sir, your obedient servant.

THE LADY'S SPEAKER.

THE REMARKABLE CURE OF A LONG TIME CURABLE RHEUMATISM BY THE GRASSVILLE PINK PILLS FOR RHEUMATISM. A STORY OF THE MOST ASTONISHING CURE OF RHEUMATISM THROUGH THE AGENCY OF DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE. IN ALMOST ALL THE NEWSPAPERS OF CANADA AND THE UNITED STATES, a reporter for The Sunday Morning News, is daily himself generally of the genuineness of these cures, determined to investigate a case for himself, which had recently been brought to his notice, where the cure was claimed to be due entirely to the efficacy of this medicine. Aware that Dr. Williams' Pink Pills had been tried in the case of a gentleman residing at 708 Sherbrooke street, in the City of Montreal, who had for years been afflicted periodically with rheumatism, the reporter set out on a journey of inquiry to ascertain what the result had been. Arriving at the home of Mr. Grassville, the gentleman referred to, he found him apparently enjoying perfect health.

"You don't look as though you had been suffering a great deal lately," he said, "and I am glad to hear of your recovery, accepting the invitation of his host to be seated."

"Well, now," he said, "I can scarcely suppose from my present appearance and activity that I had just recovered from a most acute attack of rheumatism, which kept me in bed for several weeks, and which I continued Mr. Grassville, 'I am an habitual sufferer from rheumatism, or at least I have been for over ten years past, and although I have tried every remedy known to me, I have been recently that I have found myself unable to do my work. It is now about ten years since I was first attacked with this painful disease, and when it began to come on, having never experienced it before, I was at a complete loss to understand what was in my mind, but I continued to grow worse until I could walk no longer, and was compelled to call a cab and be driven to my bed. One day, when I was lying in bed, I did not leave it for ten days, being totally unable to move my leg without experiencing the most excruciating pain, which nothing I could get seemed to relieve."

"Did you have a doctor?" asked the reporter.

"Oh yes; but he didn't seem to do much good. He wrapped the limb in bandages and gave me some decoction of salicylic acid to swallow. But it was of no avail. Each day he made me get up and walk, and I have been seized with this painful disease and laid out for some weeks, nor have I been able lately to obtain any relief."

"One day, when I was lying in bed, I did not believe it if I were to recount the various patent remedies which I have taken both externally and internally during all that time, and I am glad to say that I must have tried a hundred so-called cures, and never experienced any beneficial result."

"I was told that Dr. Williams' Pink Pills did all Mr. Grassville said. He said that he had no great faith in the pills. I had tried so many medicines, all to no purpose, but I must have tried a hundred so-called cures, and never experienced any beneficial result."

A WORD TO THE WISE.

This verse is intended as a word to the wise, If you ever use Baking Powder, try "The Surprise." Of powders there are many; of opposition there's much, But here is a powder no other can touch, For it is the only one that is really a Surprise To see how lovely and quickly they rise. The best, did I say? Well, try it and see, Then your grocer you'll tell, that's the powder for me.

Ottawa Band.

The Ottawa Band again favored the public with an open air concert last Friday evening. The band has been engaged for the Campbellford demonstration on the Queen's birth day. It is a fine band from the band competition, a tribute to its excellence as a musical organization. We observe that Prof. Denmark's mandoline solo, which the newspaper refers to him as the evening concert and entertainment in the same town.

Deseronto Daily.

The Omaha Daily Bee gives an account of an exciting game of lacrosse played last Saturday between Deseronto and Omaha and Lincoln. Omaha came off victorious after a sharp struggle. Among the members of the Omaha team who specially covered themselves with glory was a former Deseronto boy, Wm. Pickett, who first sent the ball between the flags of the Lincoln City team. The newspaper refers to him as a good representation of perpetual motion.

The Weather.

The thermometer registered 81° last Friday, the highest temperature registered thus far this year. The dry weather of the week came to a close Saturday afternoon when rain set in. Fine growing showers continued on Sunday, and these softened the surface of the ground. Had the rain ceased then the farmers would have been happy but it has been raining every day since, the rain coming down in torrents on Tuesday especially. A cold north-east wind prevailed yesterday.

Canadian Foresters.

On Thursday, 11th inst., the following officers of Court Quinte, No. 1, C.O.F., were duly installed by E. N. Lowe, D.D.H.C.R.: John J. Hegarty, V.C.R.; J. D. Monaghan, Rec. Secy; George Morden, Jr., F.S.; W. Robertson, Chap.; W. J. Malley, Treasurer; Edgar H. Smith, Secy. The officers were: Chas. Wagar, S.B.; John Berry, J.B.; Dr. Vandervoort, Court Physician. W. J. Malley was elected delegate to the High Court which meets in Ottawa in June and which is expected to be a meeting of great importance. Court Quinte is steadily growing, initiations taking place every night.

Obituary.

Mrs. Henry B. Morden, who had been suffering from heart disease all winter, died at her residence, Fourth street, Saturday, 13th inst., aged 67 years. Her sudden death was a great loss to her family. She was born with Christian fortitude. Deceased, whose maiden name was Hubbs, was born in Ameliasburgh. She was married to Henry B. Morden, and had seven children, who have the sympathy of all in their bereavement. The funeral took place on Sunday afternoon and was very numerous attended. Rev. J. J. Rice preached the funeral sermon to a large congregation. The remains were interred in the Deseronto cemetery.

Deseronto Cemetery.

The Deseronto Cemetery is beginning to appear a very neat appearance, the directors have been selling a number of lots which will be sold to be improved by the public. The present work is a very proper time to secure the High Court of the cemetery. The example of other cemetery companies and to increase the selling price. We regret to record the death of a young man, who was a member of the Deseronto conservatory, deliberately smashed some panes of glass and carried off some valuable flowers. It is to be hoped that the authorities will not rest until the rascals are brought to justice. The parties who would do such a deed would not hesitate to despoil the graves of the dead.

ST. MARK'S CHURCH NOTES.

Next Sunday is Whit Sunday, one of the most important church festivals, held seven weeks after Easter, hence also called Pentecost, the 50th day from the Passover. It commemorates the descent of the Holy Ghost upon the infant church after the Ascension as recorded in Acts II. It is celebrated on Whit Sunday, June 9, at 10 o'clock in the morning in place of the Latin Mass. The Wednesday, Friday and Saturday before Whit Sunday are Ember days, when the church fasts. Prayers are said for those who are to be baptized. The church also has a special service for the day of Whit Sunday at 10 o'clock.

The church is specially invited by the Rev. Canon H. B. Salnes, B. A., to hold a service on Whit Sunday at 10 o'clock in the morning.

Return trip arrives at Kingston June 25. Passengers limited to 120. Tickets from \$16 to \$30 according to location of rooms.

Mr. Michael J. Hendrick, of New Hampshire, has been appointed United States consul at Belleville.

On Tuesday the cyclone struck a shed belonging to Mr. Robert Sager, Napanee road, demolishing it. To give some idea of the tremendous force of the gale it may be stated that it carried off the heavy oak foundation making the beams of oak as easily as if they were made of straw instead of oak.

Two hundred and fourteen years ago tomorrow the Habeas Corpus Act was passed. The act is second only in importance to Magna Charta, inasmuch as it protects the liberty of the subject from illegal detention in a prison, and is often used to free a man before this law was placed on our statute book in the time of the second Charles.

James Caton, the four-year-old son of John Caton, Jr., of Belleville, while playing on a pile of fall left into the river at Belleville and was drowned. The *Intelligencer* states that a peculiar circumstance in connection with the unfortunate affair is that Mrs. John Hunter, James Hunter and the mother of the deceased—after—have each lost a son named James by drowning.

Deseronto Shipyard. Work in the shipyard is pressed forward on steam engines, Armada, Sista and the tug Munsen, all of which are being fitted up in good style. The yacht Norah is also undergoing repairs and several changes.

Dishonorers. The business men are very indignant at the conduct of one of their number, a grocer, who, although he signed the agreement to keep his store open on the 24th, did not keep it open all day. This is not what should be expected of an honorable merchant.

Shed and Door Factory. Everything is booming at the shed and door factory of the Rathbun Company, and Supt. Irvine and staff are busy filling orders in each department. Another large order for doors was received the other day and the demands for other material come in steadily. Among others an order has been received for the shed and door for a new house in Toronto.

Board of Health. The Board of Health inspectors have not yet started on their final tour of inspection, but they are expected to start on the 15th, so as to allow residents to have premises cleared up in compliance with terms of notices issued some weeks ago. They will start out now for the inspection of the houses in Toronto.

Citizens' Band. The Citizens' Band are preparing for a moonlight excursion on the bay to take place June 6th or 7th. The band spent Wednesday in Campbellford, where there was a grand demonstration with games, etc. There was a band competition, not open however to Deseronto, but the Citizens' Band was victorious. The Citizens' Band furnished the music during the day and came in for unqualified praise from the Campbellford people, and the music second to none ever heard in that town. In the evening they played several selections near the Opera House, which were listened to by a vast concourse. Fred Demark's mandolin club contributed to the success of the concert in the evening, carrying off the honors of the occasion. The band were more than pleased with the kindness and courtesy extended to them by the Campbellford people.

POINTS.

About Wall Paper.

With \$5.00 spent in Wall Paper at Scantlebury's Book Store, Belleville, you can do more towards furnishing your home than with \$10.00 spent in Carpet, Curtains or furniture.

BECAUSE.

Scantlebury sells cheap and keeps the largest and handsomest stock of Wall Paper in Canada.

Scantlebury sells prettier papers for 15c per roll than other stores offer for 25c. This is why we buy and sell so much and always please our customers.

We will allow you 10% off the amount of your purchase with which to pay your expenses to Belleville or if you order by mail the 10 per cent, will pay all express charges or stage fares.

We pay special attention to mail orders and if you want paper, write for samples. We will send without cost to you. If you choose send size of room and we will send proper quantities. Our mail orders are large and many.

TOURISTS.

Whether on pleasure bent or business, should take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectively on the kidneys, liver and bowels, preventing fever, headaches and other forms of sickness. For sale in 75c. bottles by all leading druggists.

LOCAL ITEMS.

A large fleet of vessels of all classes was in
port yesterday morning, including the
Rev. R. J. Craig is building a barn and
coach house to the rear of the manse.

Remember Dr. Smith's lecture in the
Presbyterian church parlor this evening.
Lord Salisbury is visiting Ireland this
week. His reception at Belfast was most
enthusiastic.

A large party went to Picton on Wednes-
day to attend the races. They report a day
of good sport.

Dr. Dulmage is expected home from New
York to-morrow and resumes his professional
duties next week.

A purse containing a small sum of money
was found on the streets the other day and
awaits its owner at THE TRIBUNE office.

A much needed stretch of new boardwalk
is now being laid down on the west side of
Prince street between Thomas and Dundas
streets.

The Rickapo Indian Company are hold-
ing a concert in the Deseronto opera house
every evening and are favored with large
audiences.

A great many visitors to the Deseronto
High school grounds would like to see the
pump unloosed as a drink of water would be
very refreshing on hot days.

Mr. L. Hopkins, of the City grocery, has
been making several changes in his shop,
which will give him more room and greatly
tend to expedite business.

Mr. Robert Pearson has purchased from
Mr. Joseph Mearns the house on the south
west corner of Brant and Thomas street,
and has moved his family thither.

The small boy and firecrackers are seen
everywhere these days. A big conflagration
will awaken the attention of the civic author-
ities to this dangerous amusement.

Some scandal-mongers who have been in-
dulging their slanders concerning respect-
able people are likely to be brought to ac-
count at an early date, the strong arm of
the law will be invoked.

Many favorable comments have been
passed on the piece of poetry contributed to
the TRIBUNE last week by Master
Eddie Miller. The effort was indeed credit-
able to a lad of his tender years.

The heavy rain of Tuesday having rendered
the grounds unsuitable, the cricket match
announced for Wednesday last, between the
Deseronto and Royal Military College
eleven was indefinitely postponed.

The cyclone on Tuesday struck Burtch's
Great Pavilion Show at Fenelon Falls, but
the canvas stood it well and came out with-
out a scratch. Good luck and this favorable
company have made a very close partnership.

Mr. E. R. Langton, writing to THE
TRIBUNE, states that he likes St. Hyacinthe,
P.Q., extremely well. He is enjoying the
best of health. His wife and son, who have
both been seriously ill, are now recovering.
They were very kind to them.

Mrs. Wm. Parnham's birth day is the
24th of May and she was born in the same
year as Her Majesty Queen Victoria. On
Wednesday she received a nice present from
her sons William and John of Georgian Bay
who never forget this annual act of filial
duty.

Dr. Jebb the optical specialist will be in
Deseronto at W. G. Egan's drug store June
2nd and 3rd only. Eyes examined free.
The only optician in Canada making the
grinding and fitting of complicated lenses for
the eyes a specialty. Inventor of the new
optometer for examining the eyes.

The New York Sun paid an eloquent
tribute to Admiral Hopkins and the British
squadron generally for the way in which
they had assisted to make the great naval
parade at that city a success. It admits
that without the presence of the British
squadron it would not have been such a brilliant
spectacle as it proved.

A special meeting of Victoria Lodge, No.
9, 'Freemasons', will be held on the evening
of Thursday, June 1st. The members
of this lodge have also made arrangements
for a grand moonlight excursion to be held
on the evening of June 14th, the last day of
the meeting of the Grand Lodge.

Messrs. Croesley and Hunter, the distin-
guished evangelists, accompanied by Mr. O.
Finch and other gentlemen of Napane,
drove up to Deseronto on Monday and visit-
ed the different works of the Rathburn Com-
pany. They were greatly pleased with
what they saw in this great hive of industry.

The weather during the past week has
generally been cool. There were passing
showers on Sunday. On Tuesday the mer-
cury ran up to 82° in the shade, the highest
temperature reached this season. After
dinner the wind veered to the northwest and
the cyclone followed after which the tem-
perature fell 35 degrees in about seven
hours. Yesterday a few passing showers.

Mrs. Abbott, Mrs. Tullock and Mrs. Kin-
nerly were delegates from the Local circuit,
and Mrs. Adams and Mrs. Vennick
from Shannville circuit to the Women's
Methodist Missionary Society of Belleville
district held at Belleville last week. For
the year ending Oct. 1, 1892, the auxiliaries
of the district raised \$289.37, and the mis-
sion bands \$205.74. Of this amount Lons-
dale contributed \$12.20, and Shannville
\$92.74.

The recent rains have left the roads in a
very bad condition. They will probably be
rough and lumpy all summer. Every
one who drives over the route between De-
seronto and Napane pronounces its con-
dition execrable, a disgrace to the civiliza-
tion of the nineteenth century. The Lon-
pex and Richmond authorities should take
some action towards its improvement.

Professor Barnard, of the Lick observa-
tory, expects that next year will be
required to complete the series of photo-
graphs he is now making of the Milky
Way. The work is proceeding rapidly at
the observatory and the astronomer is con-
fident that when his labors are finished the
results will revolutionize the old con-
ception of the Milky Way. He expects to
reveal the presence of at least 500,000,000
suns.

We have on our desk the initial number
of THE Canadian Engineer, a brilliant mon-
thly journal of 28 pages and cover, devoted to
the mechanical, mining and other branches
of the engineering trades. It is thoroughly
Canadian in tone, every article has a prac-
tical purpose, and it gives an immense
amount of interest to the trades con-
cerned. Its design and typographical
appearance are not excelled by
any trade paper yet issued in this country.
Published by THE Canadian Engineer Co.,
62 Church street, Toronto, and the Fraser
Building, Montreal, at \$1 per year.

Teachers' Convention.

The teachers of the Public school are in
Belleville this week attending the annual
teachers' convention for South Hastings
which commenced yesterday.

Casualties.

Norman Palmateer had his thumb severely
crushed while putting up telephone poles
at Northport. John Bergeron fell from the
top of a car in the yards and struck his side
against the tie fracturing several ribs. Dr.
Vandervoort attended both men.

To-Night.

This (Friday) evening in the lecture room
of the Presbyterian church, Rev. Dr. Smith,
of Kingston, will deliver a lecture, the sub-
ject being "Some Boys I Knew." The
lecture is replete with humor and inform-
ation and will prove a rich intellectual
treat. Lecture will commence at 8 sharp.
Admission only 10 cents.

Excursion to Napane.

The steamer Ella Ross will convey an
excursion from Belleville, Deseronto, etc.,
this (Friday) evening, thus giving an oppor-
tunity of attending the Croesley & Hunter
Railway company, for such extensive
Deseronto at 5:30 p.m., returning after the
meeting. Return fare, 25 cents.

Belleville District.

At the meeting of the Belleville District
of the Methodist church held last week, the
report showed marked progress all along the
line, the membership being 98 more than
the preceding year while the financial state-
ment was very satisfactory. The Shann-
ville district raised for all purposes \$1,137.-
70 Lonsdale circuit \$901.70. R. L. Larue,
Shannville, was elected a lay delegate to
Conference.

Boulevard.

It is a pity that the boulevard movement
would not become more general. It would
greatly improve the appearance of the town
and be a great benefit to many of the streets.
It is not very expensive work. We feel
confident that the town council would fer-
rily the plan, curbing free to any citizen
who will boulevard the front of his pre-
mises, as so much less street would require
to be graded.

Car Works.

The staff in the car-works are busy at four
new passenger coaches and other orders
recently received. The new machinery
lately introduced is giving the utmost sat-
isfaction and work can now be rushed to com-
pletion in short order. The equipment of
these works is all modern and of the very
latest. Among other machines
which attract the attention of visitors is a
mortising machine which bores a square
hole.

Railway Subsidy.

Among the railway subsidy resolutions
submitted to the legislative assembly by the
government yesterday was one making a
grant to the Kingston, Napane and Western
Railway company, for such extensions or
branches of its projected and authorized line
of railway north of the village of Tweed as
will not exceed thirty miles in all, and will
enable the said company to connect its
existing line of railway with the iron ore
deposits lying northward of said village of
Tweed, a cash subsidy of \$3,000 per mile.

Deseronto Bicycle Club.

The Deseronto Bicycle Club was organized
last week with the following officers: Rev.
R. J. Craig, honorary president; Wm. Stod-
ard, president; Edward Cole, captain; Ed-
ward Lowry, secretary-treasurer; Robert
Nasmith, bugler. The club starts out with
a good membership and intend to give a
good account of themselves during the com-
ing season in the way of breaking records.
A natty uniform has been selected to dis-
tinguish the corps. A few of the wheelmen
rode over to Picton on the Queen's birthday.

Killed by Lightning.

During the cyclone on Tuesday afternoon,
Mr. Frank Brooks, of Napane, who was in
the employ of Sir Richard Cartwright, was
instantly killed by lightning near Violet.
He was driving along the road and had just
held up his horse to give a neighbor a ride,
when the electric bolt killed both driver
and horse. Mr. Brooks was about thirty-
five years of age, and leaves a widow and
two children, a boy of 4 years and a baby.
There were heartrending scenes in the fam-
ily when the corpse was brought to the
house. Mr. Brooks having left home in the
best of health only a few hours previously.

Napane District.

The Napane District meeting was held
in the Eastern Methodist church on Monday
and Tuesday last. There was a full attend-
ance. The finances and statistics were very
satisfactory, a net increase of some 110 mem-
bers. A resolution expressing appreciation
of the services and courtesy of the
chairman was passed, and also one expressive
of thanks to Rev. J. K. Klose as financial
secretary and reporter. It was decided that
the District would be deprived of his services after
Conference, and wishing him prosperity in his
new field of labor. Rev. A. J. de la Motte,
of Deseronto, was elected moderator, and
Mr. W. R. Ayleworth on the Conference
Sunday School Committee.

Cyclone.

A cyclone prevailed all over Ontario and
part of the United States and Quebec on
Tuesday. It struck Deseronto between 2
and 3 p.m. The sky presented a very
interesting aspect in the West and people
fully expected a great electric storm. The
wind suddenly came with great force driv-
ing before it a cloud of dust which filled
their and rendered everything invisible at
a few yards a distance. The rain came down
in torrents and there were some flashes of
lightning. In a few minutes the wind had
spent its force. About Deseronto no dam-
age worth recording was done, but else-
where it was very destructive. A great
many barns in the district were blown
down or unroofed. In Belleville the opera
house and post office were struck by light-
ning and damaged and trees were blown
down. At Cleveland, Ottawa and Tilson-
burgh there was loss of life by falling
buildings and scaffolding.

Harris Blank and Isaac Rosenwieg, both
natives of Russia, and each 27 years of age,
who had been in the district for some time,
on March 18th, 1892, were hanged at Monk-
house, Pa.
